“I just wanted to say that I really enjoyed being a part of a learning community! It was my first semester here, and it was great to have classes guaranteed along with having the opportunity to meet other people in my classes who also lived in the dorms!”

Alexandra Nottbohm

“The learning community classes were helpful and great to get started because you already start with three classes.”

Roy Sorbel

“It helped me feel more comfortable knowing I had other freshman going to the same classes with me, walking to the same place, and I made some friends! I would definitely recommend it to any new freshman.”

Evan Lucero

“Being guaranteed three classes this semester was a tremendous help with adjusting to my first semester here at Fresno State. It helped to be guaranteed three classes, especially if you filled those classes with GE courses that you are required to take. It only made things that much easier, and it helped me to push along and get classes that might have been difficult to get at a later time.”
